To my family who always loves me especially
my mom who always helps me and cares about
me.

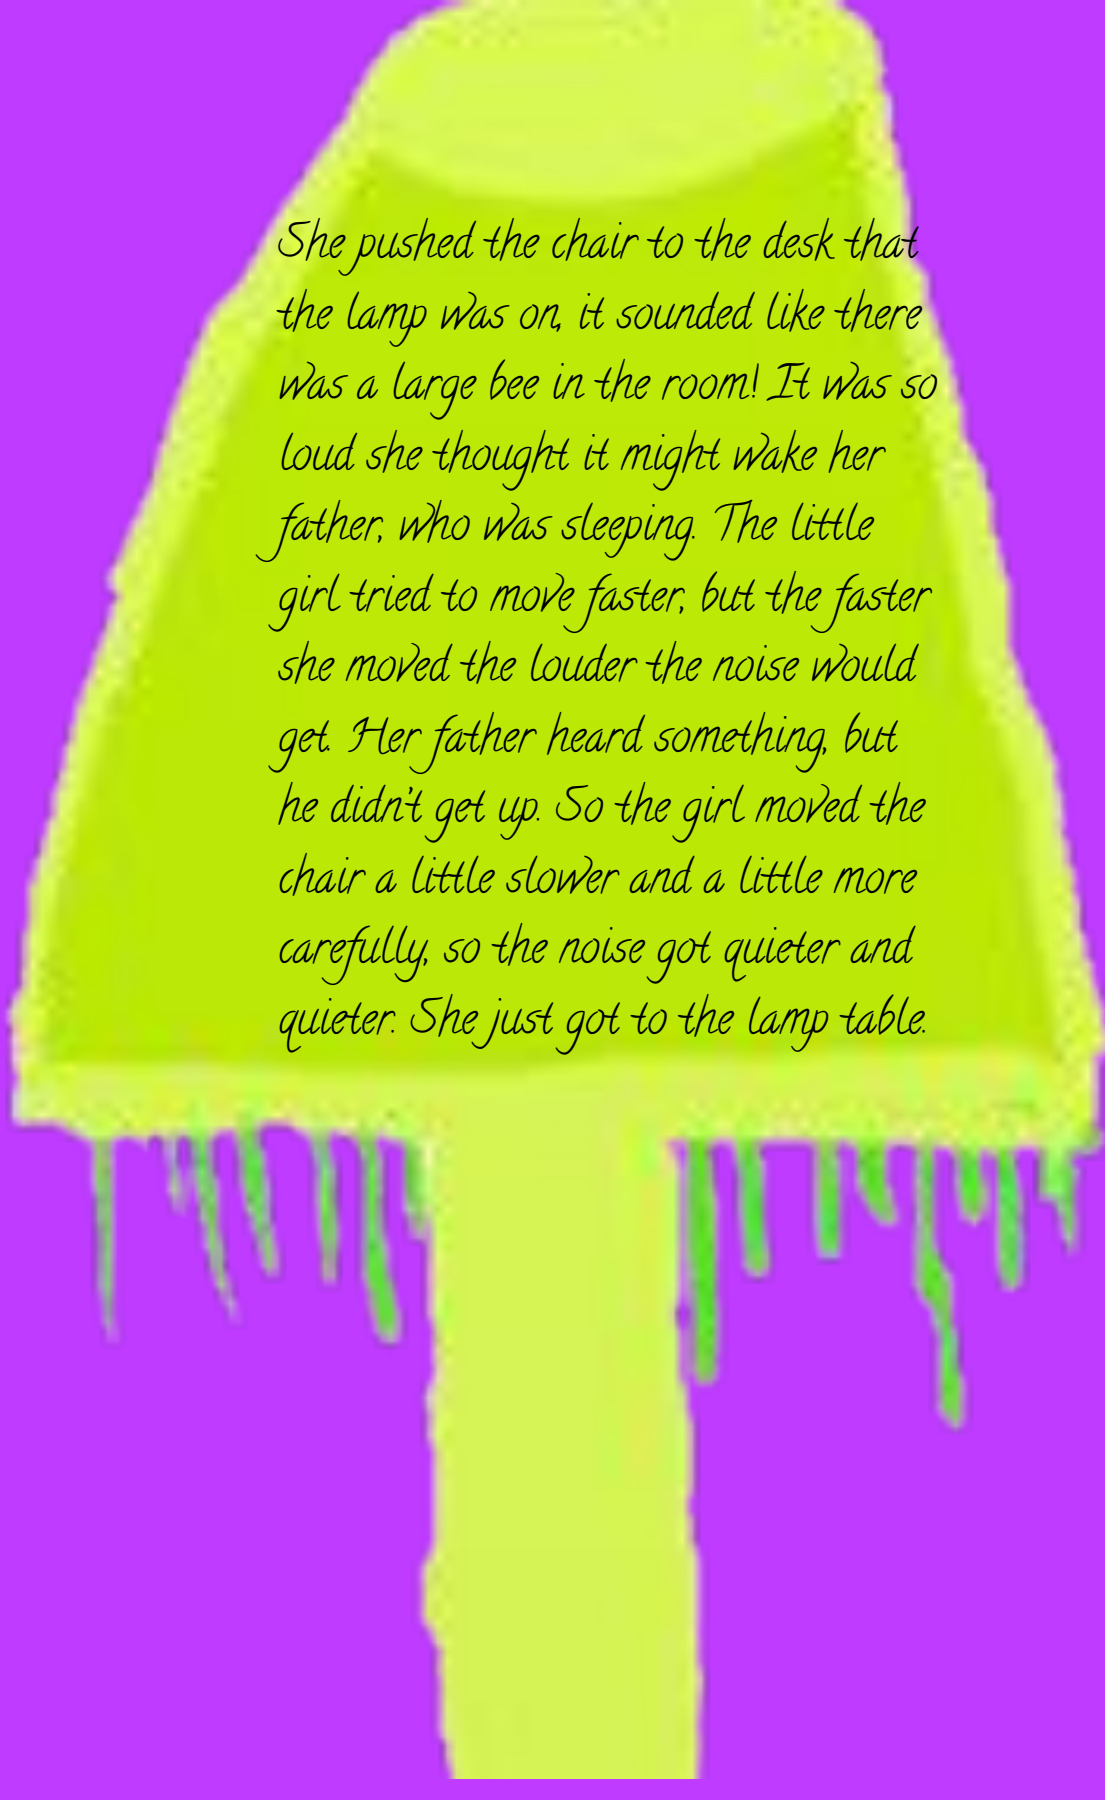

"So cool" said Cindy, as she was looking at her mums new lamp. She was a little girl that really liked new things. Now she really liked the big lamp, she was only 4 years old, she thought that it was so amazing.

Cindy could stand and stare at it for a very long time. She found the lamp so interesting that she wanted to play with it and not just look at it. Her amazement led her to go and get a chair but she didn't think about the consequences.

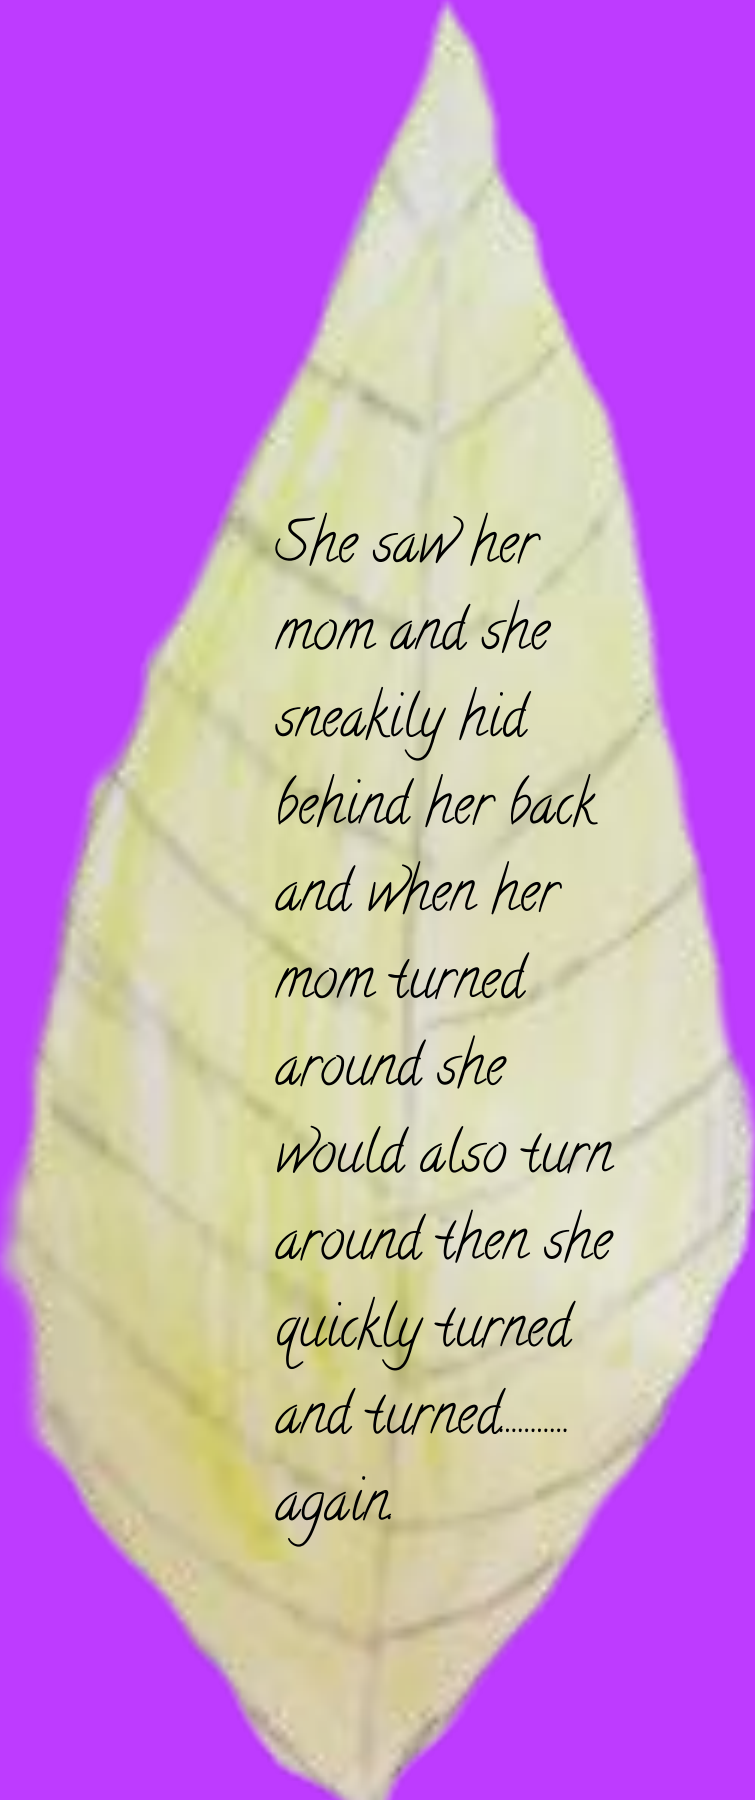

A yellow lampshade with a white base and yellow tassels. The lampshade is conical and has a white band around its middle. From the bottom of the band, several yellow tassels hang down. The lamp is positioned in the center of the image, and the text is written on the yellow part of the lampshade.

She pushed the chair to the desk that the lamp was on, it sounded like there was a large bee in the room! It was so loud she thought it might wake her father, who was sleeping. The little girl tried to move faster, but the faster she moved the louder the noise would get. Her father heard something, but he didn't get up. So the girl moved the chair a little slower and a little more carefully, so the noise got quieter and quieter. She just got to the lamp table.

Suddenly, Cindy was afraid that when her mum got home she will be super angry. But the lamp was so amazing she quickly forgot this and stretched out her hands to grab the lamp. She grabbed the lamp and sat down on the chair she was standing on. The chair was beautiful and it felt so nice for a four years old little girl's bottom. Cindy heard her mum coming back and quickly tried to put the lamp back.

Next, Cindy was trying to
get down the and the little
girl accidentally hit the lamp
and it quickly fell down. She
thought it was fun but
quickly the girl jumped down
and went to the garden to
hide because she was afraid
that her mother will be very
angry.

*She saw her
mom and she
sneakily hid
behind her back
and when her
mom turned
around she
would also turn
around then she
quickly turned
and turned.....
again.*

*Her mum eventually
saw Cindy and was
very very very angry!
Cindy tried to explain
and apologize.*

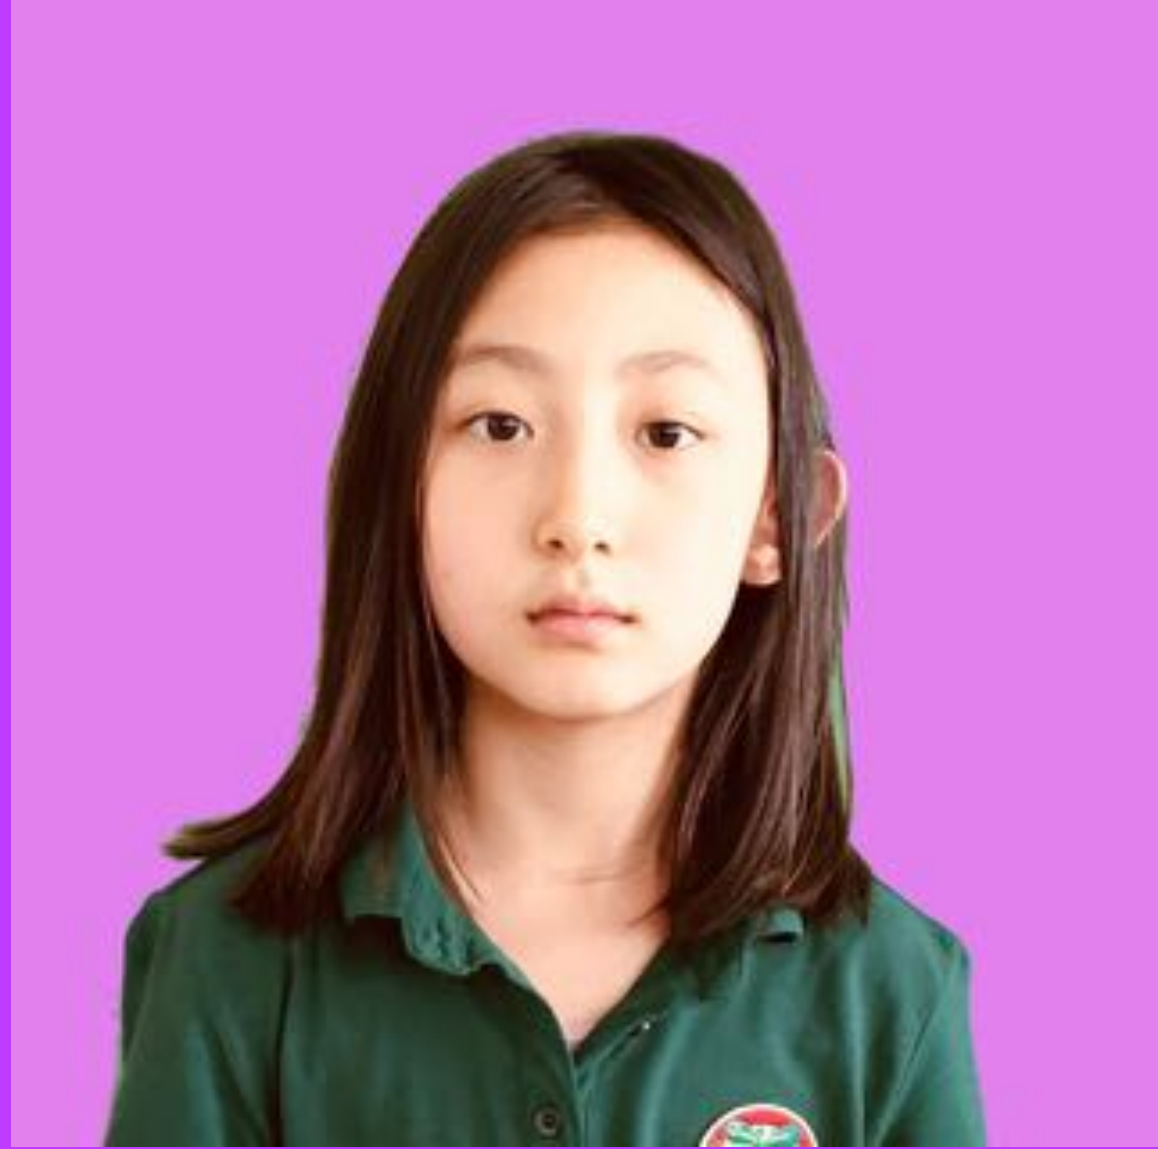

*At last Cindy's mother let
Cindy to stick the pieces of
lamp together and Cindy
didn't play with the lamp ever
again.*
